**Oasis Financial and Key Health team up with Los Angeles Trial Lawyers Charities**

*Sponsorship helps the LATLC improve the quality of life for disadvantaged members of the greater Los Angeles community*

**Westlake Village, Calif., April 30, 2019** – Oasis Financial and Key Health Medical Solutions, sister companies focused on helping personal injury victims get pre-settlement funding and access to medical care, are proud to announce their support of the Los Angeles Trial Lawyers' Charities (LATLC). The LATLC has served the greater Los Angeles community for 13 years, providing more than \$4,400,000 in grants, gifts and goods to improve the quality of life in the community by supporting issues related to education, childhood hunger, survivors of abuse, persons with disabilities, and homelessness.

"As local attorneys, we're in the trenches fighting for our communities every day. We see the need first hand, and we simply know we have to give back. It's not about just writing checks – it's about helping in person – at women's shelters, at food pantries, and in schools," said Gerald Marcus, president of the LATLC. "The generous contributions from Oasis Financial, Key Health, and our other partners are critical to helping our program succeed and ensuring services and assistance gets to those in need."

"Supporting the LATLC was a natural fit for our company," said Jeff Trigilio, President of Key Health. "Just like LATLC, we focus on helping people in unfortunate circumstances improve their lives. In our case, it's partnering with attorneys and healthcare providers to help personal injury victims recover financially and physically from their accidents."

Oasis Financial and Key Health sponsorship includes the support of one of the LATLC's marquee fundraising events, the 2019 Casino Night. On June 8<sup>th</sup>, more than 1,000 attorneys in California enjoy a little fun and comradery, while giving back to the communities they serve. "The evening is great fun – and it raises serious money for the charities served by the LATLC. Through the generous donations from our participants, we hope to raise more than \$450,000 – in one night. Money that will be put to use right here in L.A., fighting poverty, improving education, and ensuring safe shelter for our most vulnerable," said Gerald Marcus.

"We're incredibly excited and proud to be a part of the LATLC. We work hand in hand with attorneys and providers in California day in and day out," said Jeff Trigilio. "To be a part of this

special event and incredible charity that reaches back out to help our communities is a distinct honor, and we invite all the attorneys we serve to join us in making a difference.”

### **More About Oasis Financial & Key Health**

[Oasis Financial](#) was founded in 1996 by attorneys who saw a need among clients burdened with increasing medical bills and living expenses, but their cases weren't settling fast enough to keep up with their bills. The attorneys launched Oasis to provide a way for plaintiffs to receive an advance on their settlement and make life livable until their case closed. Today, Oasis has helped over 250,000 consumers make ends meet while waiting for their case to settle. In 2017, Oasis merged with [Key Health](#), the nation's leader in medical lien funding. Key Health works with medical providers spanning the U.S. who offer services to injured victims on a lien or letter of protection basis as part of a personal injury claim. Together, Key Health and Oasis help personal injury victims recover both physically and financially from an accident. Working with more than 14,000 attorneys and maintaining relationships with more than 10,000 physicians, Key Health and Oasis help ensure consumers who are injured in an accident have access to great healthcare, as well as funds to cover life's other expenses while waiting for a personal injury case to settle.

### **More about LATLC**

The Los Angeles Trial Lawyers' Charities (LATLC) was founded in 2006 by a small group of Los Angeles trial lawyers inspired to find new ways to serve the community beyond their roles as attorneys.
